## About Us

Offrisk is a professional business continuity and risk management consultancy.

We are headquartered in Glasgow, Scotland and have clients throughout the UK and Ireland.

## Expertise

Formed in 2002, Offrisk has worked with clients across all sectors to:

- Develop effective **risk governance**
- Deliver robust and comprehensive **business continuity** plans
- Prepare organisations through continuity planning and **exercising**
- Provide high-quality **risk management education** services.

Today Offrisk is in the enviable position of having worked as Business Continuity consultants to six of Scotland's eight Fire and Rescue Services, numerous UK Police Constabularies, retailers including Lloyds Pharmacy, the LVMH Group and Moët Hennessy UK, NHS Trusts including continuity planning for major community hospitals, the Royal Veterinary College, the Northern Lighthouse Board and specialist firms including Hymans Robertson, Moredun, Invitrogen and the Howden Group.

## Business Continuity

Offrisk's expertise includes extensive Business Continuity experience, working with customers to develop realistic and workable recovery strategies that allow your organisation to recover effectively and in a controlled manner from an unexpected disruption, whatever its cause.

## Risk Solutions

We develop practical risk solutions for customers eager to ensure they can demonstrate a responsible and comprehensive approach to the risks and opportunities facing their organisation.

Our RiskCard® is a web-based toolset that allows organisations to quickly and easily link the risks they face to the objectives they are trying to achieve and to monitor the actions assigned to managers through to completion.

## Training

Offrisk has a wealth of cross-sector training experience and is one of the Institute of Risk Management's (IRM) accredited training providers for its popular Management of Risk and Uncertainty course.

Listed below are some of the courses we regularly provide for a range of clients throughout the UK:

- Management of Risk and Uncertainty (MoRU)
- Manage Risk or it will Manage Us!
- Managing Risk and Business Interruptions
- Crisis Communications
- Risk Analysis and Developing a Risk Register
- Embedding Risk Management and Avoiding "List Management".

In addition we have developed a number of NHS-specific courses for Primary Care organisations and can provide bespoke training to suit your organisation's individual needs.
